DETAILED ACTION

Allowable Subject Matter

1. Claim 1-19 are allowed.
2. The following is an examine/s statement of reasons for allowance: As to claims 1,6,10, and 13, the prior art of record does not teach nor render obvious the overall claimed combination of an orthopedic brace having an outwardly biased locking member coupled to a release button which extends radially outward to the periphery of a pivoting arrangement. Therefore, the invention defined in claims 1-19 are novel. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record on form PTO-892 and not relied upon shows hinge mechanism used in orthopedic device.
